ENT Specialty Center

ENT: The High Tech Way!

With a level of high precision, the use of robotic surgery has become more common. Dr. Schaffer will explain how this minimally invasive surgery is being used in the ENT field for Thyroid, Parathyroid and tonsils. With robotic surgery, patients have reduced scarring and recovery time which gets you back to your active life.

Speaker: Dr. Scott R. Schaffer
ENT, Otolaryngology
Facial Plastic Surgery

Time: 7:00 PM

Location: Kennedy University Hospital – Stratford
3rd Floor Conference Room
18 East Laurel Road
